Food:

We are very happy if we are served some self-cooked or healthy food with some salad for 13 musicians, eventually plus sound engineer. Preferably with 6x vegetarian versions. One person is lactose intolerant.

Pizza is no option for the catering. If you serve us Pasta, make sure it is accompanied by salad.

We are also very happy if we are served some cold beers, water, juice and coffee. If you really want to make us happy, we love good wine, too.

As we try to make music environmentally friendly, we appreciate that food and drinks are served in glass bottles and reusable tableware.

Accommodation:

We need single rooms for each musician of the band.
